

Prices for calls to these numbers are made up of an Access Charge and Service Charge

Access charge is the amount Lebara charge you per minute for connecting the call (always 45p per minute, to next full minute)

Service charge is the amount the organisation you're calling charge, set by the organisation (can be a per call amount, a per minute amount, or a combination of both)

The total cost of the call is the Access Charge and Service Charge combined. If the Service Charge includes per minute and per call elements, these are also combined unless otherwise stated
